Please check with your broker and ARCS Foundation soon after submitting your order to ensure that it has been received and that the transfer has been completed. This is especially important if you initiate your gift shortly before December 31. Your broker will inform you of the value of the stock on the day it is transferred. ARCS Foundation will credit the donor with the mean value of the stock (the sum of the day's high and low prices divided by two) on the day it is received into the ARCS Foundation/Charles Schwab account.
