

SEATTLE CHAPTER

We are a member-run organization united in our vision for Washington State to be a world leader in scientific excellence and innovation

Brittany Williams evaluates the immune responses in vaccines against SARS-CoV-2.

The Seattle Chapter has awarded more than \$21.2M in Awards to over 1,450 Scholars at the University of Washington and Washington State University

We currently support 166 PhD students; 127 at the University of Washington and 39 at Washington State University

Our members enjoy:

- Monthly programs highlighting cutting-edge research
- Field trips and tours of labs and facilities at the University of Washington and Washington State University
- Activities that expand social and professional networks
- Events that engage with exceptional scientists early in their careers

Membership also involves quarterly chapter meetings, committee activities and a \$1,000 annual contribution.
